Nearly nine years ago, when there was not a Republican daily in the State, and only two or three in the South, we commenced the publication of the CHRONICLE. In all these years we have battled for Republican principles, and see no reason to change our course now. Hence we shall continue to publish a truthful, reliable Republican journal, not the organ of any man or clique, but the outspoken and fearless advocate of principles, measures and men, best calculated to promote the welfare of the

country and the Republican party We will endeavor to make our agricultural columns worth more to farmers than our subscription price.

As a newspaper our publications shall not be excelled in the State. In addition to our telegraphic dispatches from all parts of the world, our readers shall have the benefit of correspondence and every other means through which reliable information is obtained,

Each number of the paper will contain selections made with special reference to the home circle. We will continue to avoid everything calculated to contaminate, and will publish a paper that may be taken without question within the sacred precints of the family circle.

Our market reports shall have close attention, and be made entirely correct and reliable. We call upon all persons inter-

ested in the publication of our independent, fearless, reliable Repub lican journal to come to our aid and assist in extending the circulation of the DAILY CHRONICLE and WEEKLY WRIG AND CHRONICLE.

In view of the financial pressure upon the country and the general reduction of values, we have decided to reduce the price of the WEEKLY WHIG AND CHRONICLE to suit the times. In the future we will send our weekly paper to subscribers on the following .
